Embracing Your Value as a Legal Professional: Why It Matters

November 12, 2024
12 Noon to 1 PM

Presenter
Lynne Prescott, CCLS

Have you ever asked yourself: Do I make a difference? Do others appreciate my efforts? Do I bring something to the table? Or, perhaps you've asked: Don't they know how much I do around here? Why does so-and-so get all the recognition?

This presentation will emphasize the importance of embracing and determining our own value rather than delegating that determination to others, as well as why it matters.
